## 1. Aims

Derby Diocesan Academy Trust acknowledges that all Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which pupils with disabilities can participate in the curriculum
- Improve the physical environment of the school to enable pupils with disabilities to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to pupils with disabilities

Our school aims to treat all its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind.

Bishop Pursglove CE Primary school aims to treat all its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind. We are committed to taking all steps to avoid placing anyone at a substantial disadvantage and work closely with pupils with disabilities, their families and any relevant outside agencies in order to remove any potential barriers to their learning experience.

Our school is active in promoting an inclusive, positive environment by ensuring that every pupil is given equal opportunity to develop socially, to learn and to enjoy school life. We continually look for ways to improve accessibility within the school through pupil voice, data collection, parent questionnaires and discussions.

The plan will be made available online on the Trust and its school's website, and paper copies are available upon request.

Our Trust and its schools are also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

The Trust and its school's support any available partnerships to develop and implement the plan. Accessibility audits are carried out across the Trust and its schools. Links with the local authorities are in place to further support accessibility requirements and this is considered as part of the school condition allocation funding.

If you have any concerns relating to accessibility in the across the schools within the Trust, the complaints procedure sets out the process for raising these concerns.

## 2. Legislation and guidance

This document meets the requirements of [schedule 10 of the Equality Act 2010](#) and the Department for Education (DfE) [guidance for schools on the Equality Act 2010](#).

In line with the Equality Act 2010 (Schedule 10), the school publishes and maintains an Accessibility Plan which sets out how we will:

- Increase access to the curriculum for pupils with disabilities
- Improve the physical environment of the school to increase access

- Improve the delivery of information to pupils with disabilities

The plan is reviewed at least every three years, and more frequently if circumstances require.

The Equality Act 2010 defines an individual as disabled if they have a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on their ability to undertake normal day to day activities.

Under the [Special Educational Needs and Disability \(SEND\) Code of Practice](#), 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments, such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a pupil with disabilities faces in comparison with a pupil without disabilities. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

This policy complies with our funding agreement and articles of association.

### 3. Physical Environment

The Foundation Stage and Key Stage 1 are situated at one end of the school site and Key Stage 2 are situated at the other end of the site. There is one long corridor that runs from one end of the school to the other end. Each area is single storey which provides access to wheelchair users. All access points are flat or ramped to ensure that entry to the school is accessible to wheelchair users. The playgrounds are made up of an eyfs/ ks1 area and the ks2 area where children play and engage in outdoor learning. Doors within the main buildings are wide enough to enable access to wheelchair users. The school has internal emergency signage and emergency lighting. All escape routes are clearly marked. There is a disabled toilet within each of the main school buildings, all with handrails and emergency pull cords. The school has a small carpark.

### 4. Action plan

This action plan sets out the aims of our accessibility plan in accordance with the Equality Act 2010.
